

Colin Moreby

BEng CEng MICE MHKIE RPE(C)

Regional Director – Hong Kong and Asia

A public health and infrastructure engineering specialist with over 20 years experience in Hong Kong, SE Asia, the Middle East and the UK. Colin has been Project Manager for various major infrastructure projects in Hong Kong, particularly in the fields of water, drainage, sewerage and utility assessments and master plans, as well as infrastructure planning and design projects. As a Director of Link 21 Ltd he also specialises in sports and leisure engineering, including golf courses, sports grounds and resort developments.
