

Experts Register

AIM Group is an established company in Hong Kong headed up by a group of professionals with reputable international project management expertise.

In order to best serve the needs of our clients we maintain a Register of Experts and monitor their availability for specific assignments, including:

- Early establishment of a project team
- Assignment of Experts to cover specific project requirements
- Assignment of Experts to provide technical assistance in design development or in a peer review capacity
- Project start-up activities such as planning, programming, establishing procurement strategies
- Due diligence reviews
- Tender documentation and tender analysis
- Arbitration and dispute resolution

We are in the process of a carefully controlled expansion and would be interested to hear from professionals with sufficient expertise in our regular disciplines or who may complement our Expert Services.

Successful candidates are likely to be over 35 years of age with a degree in an engineering, building or architectural discipline; appropriate professional qualifications and experience.

We set ourselves exacting standards in order to meet our clients' expectations in quality and efficiency. Therefore only those who have a track record of meeting such standards should apply.
